Costa del Sol, Torremolinos Centro

Beautiful property for sale in the charming "Pueblo Blanco" of Torremolinos. One of the best areas of the town, very attractive both for those who want to live in the centre and surrounded by all services, as well as for those who are looking for the perfect rental investment. Bars, restaurants, supermarkets, shops, train station, public transport, beach, town centre, etc... all literally less than 5 minutes walk away. Malaga airport only 10 minutes by car. There is no better location. The urbanization, one of the most emblematic of the village, will welcome you with its beautiful gardens, its beautiful fountains and its alleys in full Andalusian style, where you can stroll and relax in a peaceful environment. The property, completely refurbished a few years ago, is located on the top floor of the block, which guarantees a lot of privacy. With a total area of 60 m2 very well distributed, as you enter a spacious living-dining room with chimney and exit to the terrace, where you can appreciate a beautiful view to one of the squares of the urbanisation. To the left a bright independent kitchen fully equipped. A corridor leads to the night area where there is a large double bedroom with built-in wardrobe and access to the terrace. To complete the property there is a bathroom with shower, also very spacious. Do not lose this beautiful property which, thanks to its position, will give you the opportunity to live comfortably. A unique property on the market!
