Villa Sienna is a contemporary home for sale in the exclusive gated community of El Madroñal, a peaceful and sought-after area in the hills of Marbella. This villa offers a perfect balance of modern design, comfort, and breath-taking views of the Mediterranean. Designed by AMES Architect, every detail reflects quality, functionality, and a deep connection with its

surroundings. With eight spacious en-suite bedrooms and two additional guest bathrooms, the villa is designed for comfort and convenience. The open-plan layout connects the living and dining areas with a state-of-the-art Gaggenau kitchen, fully equipped with the latest appliances. High ceilings and expansive windows let in natural light, creating bright and welcoming spaces while framing the sea views. A contemporary fireplace adds warmth and style, making the living area a perfect place to relax.

The outdoor spaces are just as inviting. Large terraces, both covered and open, provide ideal spots for outdoor dining or simply enjoying the peaceful setting. A built-in gas fireplace adds a cosy touch for cooler evenings. The double-sized infinity pool, complete with heating, an automatic cover, and a saltwater treatment system, gives the impression of merging with the horizon, offering uninterrupted views of the Mediterranean.
