Located in the exclusive Las Terrazas de Atalaya residential complex in Estepona, this exceptional two-bedroom apartment with terrace and large private garden offers privacy, comfort and open golf views within a secure gated community. The property features 100 m² built, marble flooring throughout and a spacious open-plan living area with direct access to a 45 m² terrace and a 90 m² private garden. Thanks to its unique position, the apartment enjoys its own secluded garden area, ideal for outdoor living, entertaining or even installing a private inflatable swimming pool if desired. The apartment offers two bedrooms with fitted wardrobes and two bathrooms, including a master bedroom with en-suite bathroom and direct access to the garden. A major highlight of the property is the fully upgraded climate control system, recently replaced with a multi-zone air conditioning system, allowing independent temperature control in each room. Each area can be regulated separately, providing true climate comfort throughout the apartment. The kitchen is equipped with a premium integrated water system, allowing hot, cold and sparkling water on demand, adding both convenience and a high-end touch to everyday living. Approximately 90% of the appliances and furnishings are included, as the apartment is sold exactly as it is, with only a few personal items to be removed. The property is completely ready to move in, offering a turnkey solution with no additional investment required. The apartment also benefits from an advanced security alarm system and a fully automated smart home (domotics) system, allowing remote control of curtains, air conditioning, water supply, temperature settings and more – all designed for maximum comfort, efficiency and peace of mind. Additional features include air conditioning, double glazing, electric shutters, reinforced security door, private storage room and three parking spaces (P2, P12 and P13). The community offers landscaped gardens, a communal swimming pool, paddle tennis court, barbecue area, outdoor gym, controlled access and video surveillance.
