While premium zones such as Sierra Blanca or the Golden Mile command €7,000-15,000 /m², this penthouse offers a similar quality lifestyle at a significantly more attractive price point - without sacrificing comfort, views, or exclusivity. The combination of modern build quality (2019), large outdoor spaces, and intimate community makes it ideal for: * International families looking for a secure, year-round residence * Remote-working professionals seeking a home with space, light, and a Marbella address * Lifestyle investors who want strong rental appeal in the luxury segment Investment Perspective Marbella's luxury market has seen price growth of +5-8 % annually over the past two years, with over 30 % of transactions to international buyers. High-quality penthouses in boutique communities remain in short supply - making this both a home to love and a smart investment. This is not just a penthouse - it's a private retreat, a lifestyle statement, and a rare opportunity in one of Marbella's most desirable residential enclaves.
