## Costa del Sol, Cabopino

This amazing frontline beach penthouse apartment with its very own private pool is located in one of the most prestigious complexes in Marbella. This four bedroom duplex property has been tastefully renovated and modernised to a very high standard with lots of extras including two private parking places in the garage, solar energy, under floor heating, new bathrooms, and many other modern features. The property is sold including virtually all of the furniture just excluding some of the pictures and personal items. This high end luxury gated complex includes two large communal pools in lush garden, an indoor heated pool, tennis courts a gym and security and it is located frontline beach. What we really like about this property for sale in Los Granados de Cabopino is that it has lots of outdoor space and outdoor areas that really allows one to enjoy outside living that the Spanish climate permits. The facilities and feeling of security in this complex are so complete that it feels like we are in a five star resort and they can not be beaten by other complexes along the coast. We strongly recommend a viewing. We can show this exceptional property at short notice 7 days a week.
